

2009 MILE HI VOUCHER PROGRAM

Our Voucher Program is two fold and is a very convenient option for Property Managers, tenants, employers and employees.

1. EMPLOYERS:

Sometimes employees are absent or working in the field on the day the clinic is held at their location. These employees can use vouchers at any of our public clinic locations and we will bill their employer.

Or, when a business or organization doesn't have enough people to meet the minimum requirement of 15, we can furnish vouchers for their employees to use at any of our public clinic locations. We will bill their employers at the end of flu season.

2. PROPERTY MANAGERS:

This is a very convenient option for tenants who want to pay for their employee's flu shots at the building clinic.

We send, via e-mail, a voucher consent form specifically customized with the tenant's info. They print as many as they want for their employees to use at the building clinic.

We then bill the employer after the clinic for only the vouchers used by their employees at the building clinic or any of our public clinic locations.

Also, sometimes employees are absent or working in the field on the day the clinic is held in their building. These employees can use vouchers at any of our public clinic locations and we will bill the employer.

To receive your customized voucher form, please send an e-mail to shyndsmhi@comcast.net.

Please include the following information:

Company Name
Address
Contact Name
Contact e-mail
Contact phone & fax #

Thank you, and we will forward your voucher form as soon as we receive your information. We will also furnish a list of MHI open clinics at the beginning of flu shot season.
